INNOVATION

Peru is one of the world's top culinary destinations, but not everyone can get to Peru. Peruvian Harvest Fresh Catch® goes beyond market expectations in bringing the taste of Peru to North American kitchens. We've taken years of traditional culinary knowledge and used it to create a succulent and nutritious line of dishes that deliver the goodness from the depths of the Peruvian Sea.

QUALITY

Exceptional quality is not just a commitment, it's our passion. Strict high-quality standards and good manufacturing practices are followed at every step. From the use of sustainable fishing, away from the coastlines, at the far end of Peru's 200-mile marine border, to the thoughtful preparation of each unique and delicious recipe.

Only the freshest spring water and premium ingredients are paired with our select fish to highlight both its taste, and nutrition. No heavy metals, chemicals, pesticides, preservatives or artificial flavours will ever be found in a can of Peruvian Harvest Fresh Catch®.
